Autumn Term 1

British School Algiers Middle-Phase Newsletter

Welcome to the latest issue of the Middle-Phase newsletter. As you will see in the class updates below, all the students in Middle-Phase have been very busy in class this week. I wish to draw your attention to an important date next week; Thursday 22nd October. This marks the end of Autumn Term 1 and is International Day. There will be a whole range of events to celebrate this special day in the school calendar, and parents and families will be invited to join in with the festivities. More information will be made available soon.

Year 5

This week, students in the Year 5 advanced French class focused on developing their number vocabulary. They practised writing numbers accurately in words and worked on pronouncing them clearly and confidently. A range of activities throughout the week enabled our students to become more comfortable using numbers in different contexts.

Year 6

This week, Year 6 pupils have been developing their reflexes and sprinting skills through a series of athletics-based activities during PE lessons. These exercises will also help to improve their overall fitness.

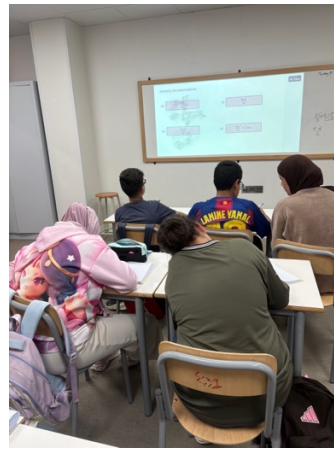

Year 7

In English this week, Year 7 students continued exploring non-fiction through persuasive writing. They examined a range of persuasive texts, including advertisements, opinion pieces, leaflets and speeches. Our students learned about their structure, use of language and techniques used to influence an audience. They then began applying these features to their own writing.

Year 8

In maths, Year 8 students have begun studying algebraic manipulation. This week's lessons focused on simplifying expressions, building a strong foundation for the topics ahead.

Enrichment

Miss Souha's gaming club is proving to be a very popular enrichment activity with a great turn out very week and lots of happy students.
